Career Objective

To build a career in data analytics and business intelligence by applying expertise in Excel, SQL, Python, Qlik, Power BI, ETL automation, and data-driven decision-making to solve operational and strategic business problems.

Career Summary

To contribute to organizational and academic excellence by leveraging my experience in data analytics, business intelligence, information systems, and research. With a strong background in both industry and academia, I aim to support data-driven decision-making, solve analytical problems, and share practical knowledge through collaboration and mentorship. My goal is to apply analytical and technological expertise to drive innovation and improve operational efficiency.

Special Qualification

Experienced in Excel, SQL, Python and Power BI for data analysis, automation, ETL and reporting. Skilled in building dashboards, transforming large datasets, and delivering actionable insights to support operational and business decision-making.

Experience

Total Year of Experience: 5.8 yrs

1. Data Analyst (4.2 yrs)

(01 Mar, 2022 - Continuing)

University of Georgia, USA

Atlanta, GA, USA

Area of Expertise

Git (2 yrs), Microsoft Excel (4.2 yrs), Microsoft Power BI (2 yrs), Python (4.2 yrs), Qlik (3 yrs), SQL (4.2 yrs)

Duties/Responsibilities

- Led the analytics side of cross-department projects, partnering with teams from instruction, information technology, dining, housing, transportation, and marketing departments to solve complex problems.
- Created key performance indicators (KPIs) and metrics to evaluate performance for student services (i.e., parking, dining, housing, transportation) and gave the marketing team new insights to guide strategy.
- Worked with Qlik Cloud, PyCharm, SQL Server, Visual Cron, and Power BI to handle the whole analytics process—from gathering and cleaning data to analyzing it and building interactive dashboards and reports.
- Helped introduce platforms like Smartsheet, Qlik, and Power BI to frontline staff across Auxiliary Services and trained them on how to use dashboards to gain actionable insights from their data.

2. Systems Analyst (1.5 yrs)

(13 Sep, 2020 - 01 Mar, 2022)

Odessa College, Texas

Texas, USA

Area of Expertise

Microsoft Excel (1.5 yrs), Microsoft Power BI (10 months), SQL (1.5 yrs), SQL Server Reporting Services (SSRS) (1.5 yrs)

Duties/Responsibilities

- Developed 30 analytical reports using SQL Server Reporting Services (SSRS) that made access to the data easy for departments like Institutional Effectiveness, HR, and Student Success.

- Brought Python into the analytics workflow to improve the accuracy of reports, streamline data processing tasks, and make better use of available data across the institution

Academic / Education

Exam Title	Concentration/ Major	Institute	Result	Pas.Year	Duration	Achievement
Master of Business Administration (MBA)	Information Systems	University of Toledo, USA [Foreign institute]	3.53 out of 4	2020	0	Completed my master's abroad in under 2 years with 3.5+ CGPA despite major challenges.
Bachelor of Business Administration (BBA)	Management Information System	University of Dhaka	3.83 out of 4	2018	4	Academic position:3rd among 126 students

Professional Qualification

Certification	Institute	Location	From	To
Data Analytics with Power BI	Carl Vinson Institute of Government, UGA	Athens, GA, USA	30 Sep, 2024	31 May, 2025
Tableau Desktop Specialist	Tableau		31 Aug, 2020	31 Dec, 2026
Professional Scrum Master 1	Scrum		31 Aug, 2020	31 Dec, 2026
Python Data Structures	University of Michigan		24 Oct, 2018	30 Apr, 2026

Career and Application Information

Preferred Job Category : Education/Training, IT/Telecommunication, Research/Consultancy

Looking For : Mid Level Job

Present Salary : Tk. 0

Expected Salary : Tk. 0

Preferred District : Dhaka, Rangpur

Preferred Organization Types : Telecommunication, University, IT Enabled Service, Multinational Companies

Skill

Fields of Skill	Description
• Microsoft Excel • SQL • Python • Qlik • Microsoft Power BI	• Languages: Python, R, SQL, Qlik Script • Data Analysis & Modeling: Pandas, scikit-learn, dplyr, Microsoft Excel(what-if analysis), statistical modeling • Visualization: Power BI, Tableau (Certified Desktop Specialist), Qlik Sense, Excel (Pivot Tables) • Database Management: SQL Server, VBA, SSRS, database design, data warehousing, Qlik Cloud Data Integration • Machine Learning: Clustering, classification, regression (Pandas, SciKit-learn, R Caret), Monte Carlo Simulation

Accomplishment

Projects

- Meal Plan Sales Analysis:
Analyzed university meal plan sales trends and student enrollment behavior to help marketing teams target non-enrolled students and increase meal plan purchases.
- Starbucks Sales data Pipeline creation:
Designed and automated a 3NF-style sales data pipeline using Qlik Cloud Data Integration, Python, SQL Server, and VisualCron for ETL processing and database automation.
- Windows Operating System update Project
Built an enterprise dashboard integrating fragmented campus IT datasets to track Windows 11 upgrade progress, device locations, and update readiness across 200+ devices.

4. Starbucks ROI Study: Schedule & Staff change impact investigation
Evaluated staffing and scheduling strategies using machine learning models and Monte Carlo simulation to identify operational changes that improved profitability and business efficiency.

Language Proficiency

Language	Reading	Writing	Speaking
English	High	High	High

Personal Details

Date of Birth : 01 Apr, 1995
Gender : Male
Marital Status : Married
Nationality : Bangladeshi
Religion : Islam
Permanent Address : 63/E, Shahid Giasuddin Ahmad Residential Area, Nilkhet Road, Dhaka University Campus, Shahbag, Dhaka
Current Location : 240 Piccadilly Sq, Athens, GA-30605, United States
